Identity Protect

Secures your personal data - Personal data theft (account and credit card numbers, login details, etc.) is becoming a major threat to your security. With ebuyer Internet Security, no one can access your data without your permission.

Latest generation antivirus

Automatically detects and eliminates all types of viruses - Viruses, worms and Trojans have evolved and multiplied. Now they are designed to infect without you noticing. Ebuyer Internet Security automatically blocks and eliminates them to keep your PC virus-free.

Award-winning AntiSpyware

Keeps your Internet activity private - Spyware watches what you do on the Internet and then displays annoying pop-up ads, slows down your PC etc. Ebuyer Internet Security protects your privacy and stops the irritating effects of spyware.

Online fraud protection

Bank and shop online with complete peace of mind - New sophisticated fraud techniques are designed to trick you into revealing personal information, such as bank details to steal your money. Ebuyer Internet Security fights new scams so you can bank and shop online without the worries.

AntiSpam

Automatic blocking of junk mail - Keep your inbox clean and organised without wasting time reading and deleting junk mail.

Parental control

Restricts access to inappropriate websites. Let your kids use the Internet without the worry of exposing them to inappropriate websites.

Automatic daily updates

The product is automatically updated, at least once a day, to protect you against viruses, spyware and other threats.

Free Support - Free and unlimited support via direct links from the help menu of each application is available for all our current versions. In addition FAQs can be found on our website www.ebuyersoftware.com/internetsecurity

Licenses Included

Includes 3 licenses for your personal commercial use (allowing installation of a desktop PC and a notebook). Includes Unlimited license for home-based, non-commercial family use.
